Future Security Forum 2019

New America and Arizona State University welcome you to the Future Security Forum 2019. This conference features leaders from government, military, journalism, academia, and the private sector exploring questions of international security and defense, including the military in space, the future of proxy warfare, and defending against cyber war.

This conference is one of the signature events of the Future of War project—a partnership between New America and Arizona State University—which brings together experts working to develop new paradigms for understanding and addressing the changing nature of armed conflict and systematic violence.

About the Future of War Project

The Future of War project—a partnership between New America and Arizona State University—brings together a collection of experts across sectors to address key issues and challenges arising from the changing nature of war and conflict. Developments both in the technological drivers of warfare and the enemies we face have erased the boundaries between what we have traditionally regarded as “war” and “peace.”

Today, we are at a major inflection point in which technology is reshaping the way wars are fought. The future of war will be influenced by the role of ever-smaller drones and robots on the battlefield, offensive cyber war capabilities, the massive expansion of surveillance, greater reliance on Special Operations Forces, and the militarization of space.

The Future of War project addresses these issues by convening some of the most creative and influential thinkers, writers, and decision makers to develop bold conceptual frameworks, create legal and policy proposals, and write and talk about the changing character of war and conflict in a manner that attracts public interest and engagement.

Adam Baron is a writer, consultant and political analyst focusing on the Middle East with an emphasis on Yemen and the Gulf. He is currently a visiting fellow at the European Council for Foreign Relations and an International Security Program fellow at New America. His writing has appeared in outlets including Foreign Policy, the Nation (US), the Daily Beast, the Guardian, the Daily Telegraph, the Independent (UK), Brownbook, Vice, the National (UAE), the BCC online, Roads and Kingdoms, the Atlantic, World Politics Review, and Sports Illustrated, while he has been interviewed by radio and television outlets in the United States, Canada and Europe, including CBS Radio, ABC Radio, France 24, Sky News, CNN, the CBC, NPR, Monocle Radio, MSNBC and the BBC. Born and raised in Baltimore, he holds a BA from Williams College in degree in Arab Studies and Religion and an MA in International Peace and Security from the department of War Studies at Kings College London. Currently based between Beirut and Europe, he reported from Yemen for Economist, McClatchy Newspapers and the Christian Science Monitor from 2011 to 2014.

Kevin Baron is the founding executive editor of Defense One. Baron has lived in Washington for 20 years, covering international affairs, the military, the Pentagon, Congress, and politics for Foreign Policy, National Journal, Stars and Stripes, and the Boston Globe, where he ran investigative projects for five years at the Washington bureau. He is a frequent on-air contributor and previously was national security/military analyst at NBC News & MSNBC. Baron cut his muckraking teeth at the Center for Public Integrity and he is twice a Polk Award winner and former vice president of the Pentagon Press Association. He earned his M.A. in media and public affairs from George Washington University, his B.A. in international studies from the University of Richmond, and studied in Paris. Raised in Florida, Baron now lives in Northern Virginia.

Peter Bergen is Vice President for Global Studies & Fellows at New America, professor of practice at Arizona State University where he co-directs the Center on the Future of War, a CNN national security analyst, and the author or editor of seven books, three of which were New York Times bestsellers and four of which were named among the best non-fiction books of the year by the Washington Post. The books have been translated into twenty-one languages. Documentaries based on his books have been nominated for two Emmys and also won the Emmy
There, he led a staff of more than 145 military and civilian employees and managed a contract in excess of $160 million. As the first Commander of the U.S. Army’s Cyber Protection Brigade, from 2014 to 2016, Bray provided trained and ready cyber teams to support the stand-up of Department of Defense (DoD) Cyber Mission Force (CMF). He was responsible for agency-wide defensive cyber and cybersecurity training strategy and implementation. Bray led a specialized hand-picked military and civilian cyber force with an annual operations and maintenance budget in excess of $30 million.

As the Commander of the Army’s only Computer Network Defense (CND) Battalion, Bray was responsible for defending the Army’s global network through the Army Computer Emergency Response Team (ACERT) and five geographically dispersed Regional Computer Emergency Response Teams (RCERTS). He led a highly responsive and uniquely skilled Military, Civilians and Contractors workforce responsible for 2x7 CND and managed a budget in excess $16 million. Bray is a recipient of the Armed Forces Communications and Electronic Association (AFCEA) Saint Isidore Army Cyber Award, Military Cyber Professional Association Order of Thor Medal and SANS 2018 Difference Maker Award. Bray received a master’s degree in Information Assurance from the University of Maryland, University College, and a master’s degree in Strategic Studies in Information Assurance from the University of Maryland, College Park. He also completed the National Defense University’s Advanced Management Program, earning his DoD CIO Certification.

**Carissa Bryce Christensen** is the founder and CEO of Bryce Space and Technology, a leading aerospace and emerging markets consultancy. Christensen is an internationally-recognized expert in commercial space and the interplay of government, military, and commercial activities in the aerospace sector. For over two decades she has engaged the leading edge of the space industry with innovative analysis of space systems and advanced technology. She led the creation of widely-used financial and economic indicators now considered global metrics for the commercial space and satellite sectors. A frequent speaker and author on space and satellite trends, Christensen serves as a strategic advisor to government and commercial clients, and has been an expert witness and testified before Congress on market dynamics. She currently sits on the board of the Aerospace Center for Space Policy and Strategy and serves on the National Research Council Space Technology Industry-Government-University Roundtable (STIGUR) advisory group. She is also an active entrepreneur and investor in technology-focused startups and advises several companies she has helped seed. She co-founded OxBranch, a quantum computing software firm,
and sat on its board through its successful Series A. Prior to founding Bryce, Christensen co-founded The Tauri Group, LLC and was a partner in CenTauri Solutions, LLC (acquired by CSC in 2010). Christensen holds a Master of Public Policy degree from Harvard University’s Kennedy School of Government, where she specialized in science and technology policy. She also completed the General Course in Government at the London School of Economics and was a Douglass Scholar at Rutgers University. Christensen is a Fellow of the American Institute of Aeronautics and Astronautics.

The Honorable Sharon E. Burke is a senior advisor to New America, where she focuses on International Security and Resource Security, a program that examines the intersection of security, prosperity, and natural resources. Before joining New America, Burke served in the Obama Administration as the Assistant Secretary of Defense for Operational Energy, a new office that worked to improve the energy security of U.S. military operations. Prior to her service at DoD, Burke held a number of senior U.S. government positions, including at the Department of State in the George W. Bush Administration, and was a vice president and senior fellow at the Center for a New American Security. She attended Williams College and Columbia University, where she was a Zuckerman and International fellow at the School of International and Public Affairs.

Christopher Costa served as the Special Assistant to the President and Senior Director for Counterterrorism on the National Security Council (NSC). At the NSC, he was responsible for coordinating counterterrorism policy and strategy as well as U.S. hostage recovery activities. Costa had 34 years of progressive national security experience and well-documented success in strategy, policy, special operations, counterintelligence, and human intelligence, deploying on multiple contingencies and to combat operations in the Republic of Panama, Afghanistan, and Iraq. Costa’s last assignment with the United States Special Operations Command (USSOCOM) was as Program Director in the Operations Directorate. Preceding USSOCOM, Costa served as a Department of the Navy civilian at the Naval Special Warfare Development Group – with US Navy SEALs, and as a Senior Adjunct Instructor with Norwich University’s Bachelor of Science in Strategic Studies and Defense Analysis Program; with Norwich University, he taught on topics related to national security, strategy, and counterterrorism. He holds an M.A. in Strategic Intelligence from American Military University; an M.A. in National Security and Strategic Studies from the U.S. Naval War College; and a B.A. from Norwich University. His military awards and decorations include the Defense Superior Service Medal, Legion of Merit, and two Bronze Stars. In May 2013, Costa was inducted into USSOCOM’s Commando Hall of Honor for extraordinary and enduring service to Special Operations Forces. Most recently, Costa joined the International Spy Museum as the Executive Director where he will play a leading role in building on its extraordinary success as a Washington attraction and speaking responsibly on current counterterrorism and intelligence issues.

Dr. Michael M. Crow is an educator, knowledge enterprise architect, science and technology policy scholar and higher education leader. He became the sixteenth president of Arizona State University in July 2002 and has spearheaded ASU’s rapid and groundbreaking transformative evolution into one of the world’s best public metropolitan research universities. As a model “New American University,” ASU simultaneously demonstrates comprehensive excellence, inclusivity representative of the ethnic and socioeconomic diversity of the United States, and consequential societal impact.

Jen Easterly is a Managing Director of Morgan Stanley and Global Head of the Firm’s Cybersecurity Fusion Center, charged with assessing, detecting, and responding to cyber threats, vulnerabilities, and incidents that incur risk to the Firm. Easterly joined Morgan Stanley in February 2017 after nearly three decades in U.S. Government service. Prior to joining the Firm, Easterly served on the National Security Council as Special Assistant to the President and Senior Director for Counterterrorism, where she led the development and coordination of U.S. counterterrorism and hostage policy. Prior to that, she was the Deputy for Counterterrorism at the National Security Agency, responsible for leading operations to detect and disrupt terrorist attacks against the U.S. and our allies. A two-time recipient of the Bronze Star, Easterly retired from the U.S. Army after more than twenty years of service in intelligence and cyber operations, including tours of duty in Haiti, the Balkans, Iraq, and Afghanistan. Responsible for standing up the Army’s first cyber battalion, Easterly was also instrumental in the creation of United States Cyber Command. A member of the Council on Foreign Relations and a French-American Foundation Young Leader, Easterly is a Fellow of the 2018 class of the Aspen Finance Leaders Fellowship and a member of the Aspen Global Leadership Network. Key technologies include electro-optical, infrared and radar-based payloads systems. Programs include the Visible Infrared Imaging Radiometer Suite, Space Tracking and Surveillance System sensors, advanced missile warning technology and various classified efforts. Prior to his role at Space Systems, Laughrey was SAS vice president and deputy, Advanced Concepts and Technology. He continues to collaborate with ACT in the development and implementation of new and emerging system concepts, products and strategic technologies that position SAS for future programs, and architected a $1.2B future resilient MILSATCOM enterprise architecture. Prior to Raytheon, Laughrey was director, Strike Systems Advanced Development, Northrop Grumman Aerospace Systems. He was responsible for leading strategy and business development teams in growing two diverse portfolios. Laughrey held a number of program and functional positions, each with increasing levels of responsibility. Prior to Northrop Grumman, Laughrey was program manager, Raytheon SAS, overseeing a family of products employed on the E2D Advanced Hawkeye aircraft. He led the development and delivery of five flight units through subsystem and aircraft level integration and test in less than two years. After graduating from the United States Air Force Academy, Laughrey served in a number of different roles and organizations within Air Force Space Command and Air Force Materiel Command. Laughrey holds memberships in the Air Force Association, American Institute of Aeronautics and Astronautics, and National Defense Industrial Association.
Tyra A. Mariani is the President and Chief Operating Officer at New America where she partners with the board and CEO Anne-Marie Slaughter to lead the transformation of New America into a new kind of think and action tank: a civic platform that connects a research institute, technology lab, solutions network, media hub and public forum. Prior to New America, Mariani was appointed Chief of Staff to the U.S. Deputy Secretary of Education and Deputy Chief of Staff to the U.S. Secretary of Education under the Obama Administration. In these roles, Mariani helped shape policies and programs impacting education from early learning through college and career. She also led complex interagency and cross-departmental teams that took several Administration priorities from vision to strategy and implementation including the President’s My Brother’s Keeper initiative and RESPECT, an effort to elevate and transform the teaching profession. Mariani was recognized as a key problem-solving partner to the Department’s senior leadership, helping them to overcome bureaucracy and accelerate their work and the agency’s priorities. Prior to joining the Department of Education, Mariani launched entrepreneurial efforts to build human capital in the education sector as the founder of the Greater New Orleans Region of New Leaders. In this role, she developed and successfully executed a strategy to drive high academic gains in schools led by New Leaders principals in post-Katrina New Orleans. Prior to New Leaders, Mariani served as Budget Director for Chicago Public Schools (CPS) overseeing the $5 billion budget of the third largest school district in the country. She entered CPS through the Broad Residency in Urban Education. As a Broad Resident, she led efforts that addressed overcrowding and increased the quality of principal candidates within the district. Mariani began her career in the private sector. Her focus on human capital began in Training and Development with Kraft Foods Corporate, where she led efforts to make the company’s training programs more effective and aligned with employees’ developmental needs as well as broader cross-cutting efforts on team development and improving individual efficiency and productivity. Through her years at McKinsey & Company and work across a number of sectors, Mariani has developed a distinctive perspective on individual and organizational performance management and improvement across a broad set of industries and functions ranging from increasing return on invested capital to service productivity in a variety of industries. Mariani was co-valedictorian and received a bachelor’s degree summa cum laude in Business Administration from Howard University and a master’s in business from Stanford University.

Seth Moulton was first called to service when he joined the Marines in 2001, days after graduating from college and months before the attacks on 9/11. As the leader of an infantry platoon, he was among the first Americans to reach Baghdad in 2003. He served four tours in a war that he didn’t agree with – but he was proud to go, so no one had to go in his place. After returning home from Iraq, Rep. Moulton earned joint degrees in Business and Public Policy at graduate school, and then worked in the private sector in Texas to build the country’s first high speed rail line. But it wasn’t long before he was called to serve once again – this time in his home district in Massachusetts. Rep. Moulton — and won — on a platform of bringing a new generation of leadership to Washington, becoming the only Democrat to unseat an incumbent in a primary in 2014. In the two terms since he was first sworn in, Rep. Moulton has worked tirelessly to uphold his commitment to bipartisanship. He has passed several bipartisan bills, including the Faster Care for Veterans Act and the Modernizing Government Travel Act, and was named the most effective freshman Democrat by the Center for Effective Lawmaking. He has also concentrated on spurring economic development in Massachusetts, creating the first intergovernmental task force focused on growing the economy of Lynn, the biggest city in his district. Today, as a member of the Budget Committee, Rep. Moulton is focused on creating a new economic agenda that will make a difference for American families. He also sits on the House Armed Services Committee and is the top Democrat on the Oversight and Investigations Subcommittee. Rep. Moulton lives in Salem, Massachusetts with his wife, Elizabeth, and their daughter, Emmy.

General Robert B. Neller is the 37th Commandant of the United States Marine Corps. Prior to his current assignment, he served as the Commander, Marine Forces Command from July 2014 to September 2015 and Commander, Marine Forces Central Command from September 2012 to June 2014. A native of East Lansing, Michigan, General Neller graduated from the University of Virginia and was commissioned in 1975. He has served as an infantry officer at all levels, including command of Marine Security Force Company Panama during Operations JUST CAUSE and PROMOTE LIBERTY; 3d Light Armored Infantry Battalion...
Louie Palu is an award-winning photographer and filmmaker whose work has been featured internationally for over 28 years. He is a 2011 New America Fellow in which he examined organized crime and drugs in Mexico. He has worked extensively in many parts of the world including Afghanistan (2006-2010), Ukraine, Pakistan and Libya. He began working in the Arctic in 1993 and has worked with National Geographic since 2016. He is a 2016 Guggenheim Fellow and Harry Ransom Center Research Fellow in the Humanities at the University of Texas at Austin.

Chris Pehrson is Vice President for Strategic Development at General Atomics Aeronautical Systems, Inc. In this capacity, he develops business strategy and leads a team of business development professionals to promote the company’s full line of remotely piloted aircraft and sensor payloads to the Defense Department and other U.S. Government customers. He is responsible for a business capture portfolio that includes the MQ-9 Reaper, MQ-1C Gray Eagle, Avenger UAS, Advanced Programs, Mission Payloads, and ISR services lines of business. He and his team are focused on providing customers with effective, reliable and affordable mission solutions. Prior to joining GA-ASI in 2010, Chris served in the U.S. Air Force, retiring as a colonel. During his military career he commanded two squadrons and an operations group and completed staff tours at Headquarters Air Force and the Office of the Secretary of Defense. As a Pilot and Electronic Warfare Officer, he flew the F-111, EF-111, C-130, and a variety of Non-Standard Aviation Aircraft. Chris has operational experience in Iraq, Afghanistan, and Bosnia, and is the recipient of the Distinguished Flying Cross, Bronze Star, and eleven Air Medals. Chris is the author of “String of Pearls,” a paper that foretold China’s ambition to expand geo-political influence from the South China Sea and across the Indian Ocean to secure lines of communication and access to resources. He also served as representative of the Office of the Secretary of Defense to the interagency for the formulation of national cyber security and domestic counterterrorism policies. Chris holds a bachelor’s degree in Computer Science from the University of Michigan, a master’s degree in Computer Information Systems from Boston University, and a master’s degree in Logistics from the Air Force Institute of Technology. He is also a graduate of the U.S. Army Command and General Staff College and the Air War College.

Nicholas “Nick” Rasmussen currently serves as Senior Director for National Security and Counterterrorism Programs at the McCain Institute for International Leadership in Washington, D.C., and as Distinguished Professor of Practice at the Sandra Day O’Connor College of Law at Arizona State University (ASU). Rasmussen joined the McCain Institute and ASU in May 2018 after stepping down as Director of the National Counterterrorism Center (NCTC) in December 2017. In addition to his work with the McCain Institute and ASU, Rasmussen holds the following academic appointments: Visiting Professor of Practice at the School of Law, University of Texas at Austin; Distinguished Visiting Fellow at the National Security College of Australia National University; and Non-Resident Fellow at the Reiss Center on Law and Security at New York University School of Law. He also serves as an intelligence and national security analyst/contributor with NBC News and MSNBC. Rasmussen is a senior national security professional with over twenty-seven years in U.S. government service, including in senior counterterrorism posts at the White House and in the U.S. Intelligence Community from 2001 to 2017. With a unique blend of experience as a senior policy executive and intelligence official, Rasmussen capped his federal government career as Director of NCTC, where he led more than 1,000 professionals from across the Intelligence Community, federal government, and federal contractor workforce. Rasmussen held senior posts across three White House administrations, serving on the National Security Council (NSC) staff under Presidents George W. Bush and Barack Obama before being appointed Director of NCTC by President Obama and continuing his tenure at the request of President Donald Trump’s Administration in 2017. Rasmussen was one of only a handful of presidentially appointed officials held over from the Obama Administration to serve in the Trump Administration. In 2014, Rasmussen was nominated by President Obama and confirmed by the U.S. Senate to serve as the fifth Director of NCTC. Created by Congress in response to the September 11, 2001 attacks, NCTC serves as the primary organization in the U.S. government for analysis and integration of all terrorism
intelligence. As Director of NCTC, Rasmussen provided independent assessments on counterterrorism issues to the President and National Security Council, led and integrated the counterterrorism community on behalf of the Director of National Intelligence, and conducted strategic operational planning of U.S. counterterrorism activities in support of the President. He regularly testified before committees of the U.S. Congress in both open and closed session. During his tenure, Rasmussen prioritized deepening the Center’s intelligence analysis to support the U.S. government’s campaign against ISIS and expanding NCTC’s reach with federal, state, and local partners, as well as with the private sector and foreign allies. Prior to becoming Director, Rasmussen served as NCTC’s Deputy Director from 2012 to 2014. Rasmussen joined the counterterrorism community six days after the 9/11 attacks, serving as the Director of Regional Affairs in the Office of Combating Terrorism on President George W. Bush’s NSC staff from 2001 to 2004. Rasmussen rejoined the Bush Administration NSC in 2007 and continued his NSC service into President Obama’s Administration as the Special Assistant to the President and Senior Director for Counterterrorism. In this role, Rasmussen was charged with leading the development of U.S. counterterrorism policy and strategy, including supporting policy deliberations leading up to the U.S. military raid against Osama bin Laden. During his nearly eight years of service across two administrations at the White House and his nearly six years as both the Deputy Director and Director of NCTC, Rasmussen was a key participant in national security decision making on a wide range of issues, including policy on Afghanistan and Pakistan, the Middle East, North and East Africa, and Southeast Asia, as well as on issues impacting our Homeland Security capabilities. Rasmussen began his career at the Department of State in 1991 as a Presidential Management Intern and served at State for more than a decade in a variety of key positions. As Special Assistant to the State Department’s Middle East Coordinator, Ambassador Dennis Ross, from 1996-2001, Rasmussen was intimately involved in the Department’s work on the Arab-Israeli peace process. Prior to that, he served as Special Assistant to Ambassador-at-Large Robert Gallucci supporting the negotiation and implementation of the U.S.-North Korea Agreed Framework. A recipient of a bachelor’s degree with High Honors from Wesleyan University and a master’s degree in Public and International Affairs from the Woodrow Wilson School at Princeton University, Rasmussen is also the recipient of the highest honors the U.S. Government awards to intelligence professionals and career civil servants, including the National Intelligence Distinguished Service Medal in 2017, the Director of National Intelligence’s Distinguished Service Award and the Distinguished Presidential Rank Award in 2016. In 2017, he was presented with a Distinguished Alumni Award by Wesleyan University during commencement weekend. Rasmussen regularly provides expert analysis on terrorism and national security issues for major media outlets, including the New York Times, the Washington Post, Time magazine, CNN, Fox News, PBS, and National Public Radio. He has also served as a fellow at the Council on Foreign Relations and as an adjunct faculty member at Georgetown University’s School of Foreign Service, where he taught a course on U.S. counterterrorism policy. He and his wife Maria reside in Alexandria, Virginia.
